Cliff Mueller is still working with the IRS on our standing as a non profit organization. According to the last conversation we will need to complete the form they sent for the last three years and get it returned.

Fort Logan School is celebrating their 75th Anniversary this November 19th, and all were encouraged to attend the event from 5 to 7 pm. The earlier meeting discussion was held on the construction of the gym and some classrooms. According to Dick Lynch the contractor was Bacon and Scram and it was begun in the spring of 1941 and completed in 1942. Mrs. Terry's office was in this new section.

The box of materials from the McCullough's, who bought the Sitler house were not brought tonight because we did not know where we would be meeting.

Because of the return of the city to its old building, a schedule of use has not be set up for the community room yet. We may need to change our meeting date. Cliff will check this out and report.

The meeting was adjourned at 8:35 pm.
